Sandra,

Here is the map again (best and clearest identifier) along with a list of nearest addresses, although these are street/City trees not attached to any certain address.

- Please ignore the red on the map that indicates trees do not need trimming. We have excluded any trees that do not need trimming from the list of addresses.
- Please contact us with questions or clarification.

Please let me know as soon as you have a quote for us.

Thank you!

HistoricCo
